Professional Summary

Computer Science Engineering student passionate about Artificial Intelligence, AI automation, and backend development. Experienced in building RAG-based AI assistants, AI workflow automation using n8n, and Python applications. Interested in developing intelligent systems using Large Language Models (LLMs), vector databases, and automation tools.

Technical Skills

Programming
Python, C

Artificial Intelligence & NLP
Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), Prompt Engineering, Natural Language Processing (Basics)

AI & Automation Tools
Ollama, ChromaDB, Sentence Transformers, n8n Automation, Google Gemini API

Development & Tools
Streamlit, Git, GitHub, Vector Databases, VS Code

Projects

EduRAG – AI-Powered Education Knowledge Assistant
Technologies: Python, ChromaDB, Sentence Transformers, Ollama, Mistral, Streamlit

- Developed a Retrieval-Augmented Generation (RAG) chatbot that retrieves knowledge using vector search.
- Integrated Mistral LLM through Ollama for context-aware AI responses.
- Implemented semantic search using Sentence Transformers and ChromaDB.
- Built an interactive Streamlit web interface.

GitHub: github.com/kru2803/college-rag-chatbot

AI-Powered Student Study Planner
Technologies: n8n, Google Gemini API, Gmail API, AI Agent

- Designed an AI automation workflow that generates personalized study schedules.
- Collected user inputs including subjects, study hours, goals, and deadlines.
- Used Gemini AI agent to generate structured study plans.
- Delivered generated plans via Gmail using n8n automation.

GitHub: github.com/kru2803/ai-study-planner-n8n-gemini

Cafe POS System

Technologies: Python

- Developed a Python command-line POS system for cafés.
- Automated order processing, menu selection, and billing.
- Implemented coupon discount logic using Python data structures.

Education

Bachelor of Engineering (B.E.) – Computer Science Engineering
Pune District Education Association College of Engineering
2024 – 2028

Higher Secondary (12th) – Science
Nowrosjee Wadia College, Pune

Secondary School (10th)
Sinhgad Institute

Interests

- Artificial Intelligence
- AI Agents & Automation
- Backend Development
- Building AI-powered applications
